Item 1.01 Entry into a Material Definitive Agreement

On November 26, 2018 (the “First Amendment Effective Date”), Axsome Therapeutics, Inc. (the “Company”) entered into a First Amendment (the “Loan Amendment”) to the Loan and Security Agreement (the “Original Loan Agreement” and together with the Loan Amendment, the “Loan Agreement”) with Silicon Valley Bank (“SVB”) dated November 9, 2016 (the “Initial Effective Date”).

The Loan Amendment established a term loan advance in a principal amount equal to \$4,000,000 (the “2018 Term Loan Advance”) which is now available through May 31, 2019, conditioned upon the achievement of a clinical milestone, which requires the Company’s receipt of positive data of the Company’s Phase 2 clinical trial of AXS-12 for the treatment of narcolepsy, sufficient to submit a Phase 3 protocol to the FDA and to proceed to a Phase 3 trial.

The Loan Amendment is coterminous with the Original Loan Agreement which matures November 1, 2020, and is subject to all other terms and conditions of the Original Loan Agreement. Interest will accrue on the unpaid principal balance of the outstanding 2018 Term Loan Advance at a floating per annum rate of equal to the greater of (A) two percent (2.00%) above the prime rate or (B) seven and one-quarter percent (7.25%).

In connection with the Loan Amendment, the Company issued to SVB and WestRiver Innovation Lending Fund VIII, L.P.(each, a “Holder”) a warrant, dated November 26, 2018 (individually a “Warrant”, and collectively, the “Warrants”) to purchase shares of the Company’s common stock, \$0.0001 par value per share (the “Common Stock”) at a price per share equal to \$3.06. Each of the Warrants are exercisable for 7,875 shares of Common Stock (the “Initial Shares”) upon the Effective Date of the Loan Amendment. Each of the Warrants further provides that it shall automatically become exercisable for an additional 23,625 shares of Common Stock upon the making of the 2018 Term Loan Advance. Each Holder may exercise any portion of the Warrant by cash exercise or a cashless exercise as determined on a net issuance basis. The Warrants are exercisable until November 25, 2025 and will be exercised automatically on a net issuance basis if not exercised prior to the expiration date and if the then-current fair market value of one share of Common Stock is greater than the exercise price then in effect.

The Company expects to file the form of Warrant and the Loan Amendment as exhibits to the Company’s next periodic filing. The foregoing descriptions of the Warrants and the Loan Amendment do not purport to be complete and are qualified in their entirety by reference to the full text of the form of Warrant and the Loan Amendment, when filed.

The full text of the press release is filed as Exhibit 99.1 hereto and is incorporated by reference.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of the Registrant.

The information set forth in Item 1.01 of this Current Report on Form 8-K is incorporated by reference into this Item 2.03.

Item 3.02. Unregistered Sales of Equity Securities.

To the extent required by Item 3.02 of Form 8-K, the information regarding the Warrants set forth under Item 1.01 of this Form 8-K are incorporated by reference in this Item 3.02. The Company issued to each Holder a Warrant in reliance on the exemption from registration provided for under Section 4(a) (2) of the Securities Act of 1933, as amended (the "Securities Act"). Axsome Therapeutics Expands Loan Agreement with Silicon Valley Bank Providing Additional Growth Capital Related to AXS-12 Product Candidate

NEW YORK, November 27, 2018 (Globe Newswire) — Axsome Therapeutics, Inc. (NASDAQ: AXSM), a clinical-stage biopharmaceutical company developing novel therapies for the management of central nervous system (CNS) disorders, announced that its existing term loan facility agreement with Silicon Valley Bank (SVB) has been amended to provide an additional \$4 million growth capital loan, related to Axsome's narcolepsy clinical program with AXS-12. This additional capital is available to be drawn, at Axsome's option, subject to the achievement of positive results from the Company's upcoming Phase 2 trial of AXS-12 in narcolepsy sufficient to proceed to a Phase 3 trial. The financial terms for this additional growth capital are more favorable than those of the original term loan. All other terms and conditions from the original term loan agreement remain in place.

"This amendment comes at a relevant time as we prepare to launch our planned Phase 2 trial of AXS-12 in narcolepsy," said Herriot Tabuteau, MD, Chief Executive Officer of Axsome. "Should the results from our Phase 2 trial be positive, this optional funding mechanism provides us with flexibility to quickly proceed to the next stages of our clinical development plan for AXS-12."

The additional \$4 million growth capital loan must be drawn by May 31, 2019 and will bear interest at an annual rate equal to the greater of the prime rate plus 2.00%, or 7.25%, if drawn. Axsome issued warrants to purchase 63,000 shares of Axsome common stock concurrent with the signing of this amendment, of which 15,750 are earned immediately. The warrants to purchase the remaining 47,250 shares of Axsome common stock will be earned upon the funding of the additional growth capital loan. Additional details of the loan amendment will be filed with the Securities and Exchange Commission on a Current Report on Form 8-K.
